**Subject: Addendum # 1 – Capital Program Delivery Consulting Services
Request for Qualifications
Sacramento County Department of Airports**

The Sacramento County Department of Airports (County) received one (1) question in response to the Capital Program Delivery Consulting Services Request for Qualifications (RFQ). The question is represented in its original format exactly as submitted to the County.

1. Can you provide clarity on the stated 30 page limit for proposals? Is the established page limit a "per page" limit allowing "double sided page text" to be considered "one page" OR is the per page limit defined as text per page with "each single side" considered one page?

Answer: The per page limit is defined as text per page with "each single side" considered one page.
