Cynthia A. Nichol
Director of Airports

Acting County Executive
Ann Edwards

County of Sacramento

January 12, 2021

Posted on SMF Website

To: Prospective Civil Engineering Services Providers

From: Elizabeth Campopiano
Department Contract Administrator/Project Manager for this RFQ
Sacramento County Department of Airports

**Subject: Addendum # 2 – Request for Qualifications (RFQ) for
Civil Engineering Services (Paving Economy Lot Rows 42A to
42M) at Sacramento International Airport**

Below, please find clarification regarding the *County of Sacramento Contractor Certification of Compliance* Form required as part of a response to this RFQ.

If a prospective services provider has no owners or employees at this time who pay spousal, family or child support, the company may state that the questionnaire is not applicable. If such provider is awarded the contract, the County will need said entity to make the same attestation or, if things change, fill out the form as to the applicable person who starts to pay the support.
